Dear Parents,

I hope yourselves and the children are safe and well and that you are finding the resources that were put online useful. This newsletter aims to update you on what the children would have been doing at Nursery this week and to give you some resources and ideas that may support you at home.

This week we would have been learning about the life cycle of a frog. Please visit <https://stnicholas-closure.weebly.com/nursery.html> where you will find a powerpoint of the life cycle of a frog that you may wish to use.

Our number of the week would have been number 9. You could use the Ten Town free access to watch the story and song of Nina Nine and play her find the sets game. There is also an "All About Number 9" powerpoint on <https://stnicholas-closure.weebly.com/nursery.html>. This link will also take you to the Ten Town access details.

Our sound of the week would have been "g". You can visit <https://www.youtube.com/watch?v=LITw0oiLNys> to support you with the correct pronunciation of the sound. The jolly phonics song can be found at <https://ceehonduras.org/jolly-phonics-p79.php>. Phonics Play is also offering free access which has lots of games that may support the children with their phonics. Visit <https://new.phonicsplay.co.uk/> for log in details.

Whoosh and stop, around the girl's face, down her hair, give her a curl.

Pinterest is also full of lots of great ideas! You may find the following links useful:

Please do bear in mind that the children are still so young! With the lovely weather we have had this week I imagine most of them have wanted to play outside where possible! Go with their interests, weave learning into their play and most importantly enjoy this time with your little one and have fun!

Thankyou for your continued support. Stay safe, and I hope to see you all soon!

Miss Griffiths.
