

Year 1 Homework

Due Date: Monday 20th May.

Due to this half-term being such a short period of time we have decided to just ask for one piece of homework to be completed.

Our topic this half-term is 'Famous 4 Five' which revolves around us looking at different famous people and what they have achieved. This homework is designed to complement this topic of work.

TASK:

Research any famous person you like, looking at what their achievements are or whether they have had a significant impact on the world: either with an invention they have made, or because they were the first person to attempt something. (For example: Amelia Earhart being the first woman to fly solo across the Atlantic Ocean).

You can display what you have found in any way you like. You may wish to make a poster, make a presentation, pretend to do an interview with the famous person or just tell the class the information you have found.

We can't wait to see what you find out!
