

Eco Week Half Term Challenges

Dear Parents,

The week beginning Monday 25th February school are holding an Eco Week! This will involve carrying out lots of Eco themed activities and learning about caring for environment and our own health and wellbeing. Over the half term we are giving you and your children the opportunity to carry out some Eco challenges. Below are some ideas of challenges you may wish to complete. You may have your own wonderful ideas! These challenges are optional - you can carry out as few or as many as you wish! Any challenges that the children complete will be celebrated in school during Eco Week.

Many thanks for your support.

Miss Griffiths.

- ❖ Making a recycled plant pot e.g. out of an old welly, yoghurt pot, plastic bottle etc.
- ❖ Making something healthy to eat
- ❖ Making Bird feeders
- ❖ Making Bird houses
- ❖ Making insect hotels and animal homes
- ❖ Creating models through junk modelling
- ❖ Keep a diary of physical activity carried out over the half term
- ❖ Keep a diary of fruit/veg eaten each day
- ❖ Keep a tally of when children save energy each day e.g. turning off tv/lights when not in use, choosing a book instead of video games etc.
- ❖ Making a water filter
- ❖ Collecting and measuring rain water and using this for e.g. watering plants
- ❖ Write a half term diary of the things they did that they really enjoyed (linking to mental health)
- ❖ Composting at home
